RE: Important Security Notification
Please read this entire letter.

Dear Sample A Sample:

We are contacting you regarding a data security incident that has occurred on November 25, 2018. This incident involved your name, address, social security number, and account numbers you provided my office. As a result, your personal information may have been potentially exposed to others. Please be assured that we have taken every step necessary to address the incident.

My car, parked in the driveway of my residence was broken into. My briefcase that was locked in the trunk was stolen. The briefcase contained an external backup disk drive. I normally run a data back- up disk and keep it off site in the event an office computer crashes or the building experiences fire or other damage. I keep this data on hand as clients contact me from time to time with questions or requests for information relating to their case. The briefcase was inadvertently left locked in my trunk due to the last minute errands of Thanksgiving.

I immediately notified the police and I continue to follow up with the police. I am not aware of any fraudulent use of the information, and I am taking steps to ensure that this issue won't happen again. I am maintaining the back-up disk in a fire proof safe and I am investigating other secured storage.
